The left column lists course requirements for the completion of the above stated degree option chosen by the student. The right column lists the courses that have been completed as well as courses to be taken Spring and/or Summer term. Any course substitutions or waivers that have been received in the Office of Admissions and Records are also listed in this column. A blank space in the right column indicates that the course or an approved substitution has not been completed or that the course is not tentatively listed on the Intent to Graduate form to be completed prior to graduation. Please discuss any discrepancies with your advisee.
