

TRAFFIC AND PARKING

This brochure summarizes traffic and parking regulations for the College. Official regulations are published in the Dyersburg State Community College (DSCC) Catalog and Student Handbook. It is your responsibility to comply with the official regulations. Regulations are applicable to all students, faculty, staff and visitors. These regulations aim to facilitate safe and orderly traffic flow and parking within the limits of available space. The acceptance of a parking permit shall constitute acceptance of the regulations.

Vehicle Damage

DSCC is not responsible for loss or damage to any vehicle or to the contents of any vehicle parked or being operated on the campus. We recommend removing your keys from the ignition switch when you park your vehicle, placing all valuables out of sight, and locking your doors.

Vehicle Registration

- Dyersburg State Community College requires all motor vehicles parked on College property to be registered with the College annually and to display a permit.
- The permit should be placed on the rearview mirror of the registered vehicle and the permit number and expiration date should always be visible.
- Anyone intending to operate more than one vehicle on College property must register and obtain a permit for each vehicle annually.

- Any vehicle driven on College property must be registered at the Learning Resource Centers at the Dyersburg campus or the Jimmy Naifeh Center at Tipton County or at the administrative office Henry County.

- Faculty and staff should purchase a permit at the beginning of the academic year in August for \$20.00. Student permits are included in their student fees.
