

Thank you for your interest in the Nursing Program at Dyersburg State Community College. The Department of Nursing has an excellent reputation and is always looking for qualified individuals. This packet of information can be utilized for both the fall evening track admission at Dyersburg and the spring evening track admission at Jimmy Naifeh Center at Tipton County.

To be considered for the Nursing Program, you must first apply for admission to the College, or readmission if you have previously taken courses at DSCC. Nursing admission requirements must also be met. In preparation for admission, please read the admission requirements carefully and complete any prerequisites required. Applicants who have not met the requirements for admission to the College and/or the Nursing Program will not be considered for admission.

Dyersburg Campus Admission - Evening

The Dyersburg campus admits every even year. (2024, 2026, etc.)
Application deadline - May 15

JNC at Tipton County Admission - Evening

The JNC location admits every odd year. (2025, 2027, etc.)
Application deadline - October 15

Classes will meet on Tuesdays and Thursdays from 4:30 – 9:30 p.m. with clinicals to be conducted on Fridays and Saturdays. Clinical times will be determined and distributed at the beginning of each semester. There will be 24 students admitted into each evening track.

The College application may be accessed from the DSCC homepage (www.dsc.edu). If an applicant has previous college course work from other colleges/universities, the applicant must request transcripts be sent to DSCC Admissions and Records. As a Nursing admissions policy requirement, applicants must also submit official college/university transcripts to the Department of Nursing. This can be completed through a transcript clearing house and sent electronically to nursing@dsc.edu.

A nursing career provides many wonderful opportunities. If you need further assistance, please call the Dyersburg campus at 731-286-3200 or the Department of Nursing at 731-286-3390 or the Jimmy Naifeh Center in Covington at 901-475-3100 or the Department of Nursing at 901-475-3182.

Sincerely,

Ms. Kim Chrestman, MSN, RN

Interim Director of Nursing
Dyersburg State Community College

Dyersburg State Community College
Department of Nursing
Requirements for Admission to the RN Evening Program Track

The Dyersburg State Community College AAS degree with a major in Nursing is a program of study designed to prepare individuals to be eligible to apply to take the National Council Licensure Examination for the Registered Nurse (NCLEX-RN). This track within the Nursing Program is an evening program that is offered at the Dyersburg Campus every even year and at the DSCC Jimmy Naifeh Center at Tipton County every odd year. The Dyersburg State Nursing Program is accredited by the Accreditation Commission for Education in Nursing (ACEN).

Website: www.acenursing.org/
Address: 3390 Peachtree Road NE
Suite 1400
Atlanta, GA 30326
Telephone: 404-975-5000
Fax: 404-975-5020

The DSCC Nursing Program is approved by the Tennessee Board of Nursing.

Website: www.TNBoardofNursing.gov
Address: Tennessee Board of Nursing
665 Mainstream Drive
Nashville, TN 37243
Telephone: 1-800-778-4123
615-532-5166

To be considered for admission to the Nursing Program, the following requirements must be met:

1. The applicant must be accepted to DSCC as a regular admission student. Refer to [Requirements for Regular Admission](#) in this catalog section.
2. The applicant must submit a completed Application for Nursing to the Department of Nursing by the deadline specified:
 - May 15th for Fall Admission-Dyersburg Campus.
 - October 15th for Spring Admission-JNC
 - The evening program will be offered every other year.
 - This application is in addition to the DSCC Application for Admission.
3. Applicants with prior college credits must have a cumulative grade-point average of 2.5 (on a 4.0 scale) for all courses comprising the nursing curriculum and a minimum grade of “C” in each course in the nursing curriculum.
 - For repeated courses, the most recent grade will be used in the calculation of the nursing grade-point average.
 - By the application deadline for the Nursing Program, official transcripts from all previously-attended colleges and/or universities must be submitted to the Office of Records and to the Department of Nursing for evaluation. Failure to provide documentation as requested will result in the rejection of the student’s application.
 - At any time after a student has been admitted to the Nursing Program, if the student failed to submit all high school and/or college transcripts for review for admission, he/she will be dismissed from the Nursing Program at the point of discovery.

4. Each applicant is required to have on file his/her test results from the required preadmission examination Test of Essential Academic Skills (TEAS) for Registered Nurses.
 - Details regarding the dates, times, place and cost of the test are available from the Testing Office or at www.dsc.edu.
 - Test fees are non-refundable.
 - TEAS can be taken as many times as needed with the highest grade being used. There is a required six-month wait period between retesting.
 - The test score will remain in the applicant's file for three years from the testing date; if the student reapplies after three years, he/she must retake the preadmission examination again.
 - Students must reapply for each class to be considered; the Department of Nursing does not keep a waiting list of applicants.
5. A criminal background check and drug screen are required by clinical facilities for assurance of patient safety. These will be required if accepted into the Program.
 - Based on the results of these checks, an affiliated clinical site may determine to not allow a student's presence at their facility. This will result in the student's inability to successfully complete the requirements of this Program.
 - Additionally, applicants should be aware that conviction of certain crimes may make them ineligible for registered nurse licensure even though they successfully complete the Nursing Program. Detailed instructions regarding the background check will be given during nursing orientation.
 - The student will assume the cost of the physical examination, drug screens, and background checks. To obtain more information, please contact the Department of Nursing.
6. If accepted, the applicant must submit proof of satisfactory physical and mental condition, current immunizations including, Tdap and Varicella, and a negative TB skin test or a chest X-ray, as indicated. TB skin tests and flu immunizations are required yearly. COVID-19 immunizations may be required based on a clinical site requirement. Students expected to have patient contact must present proof of protection against hepatitis B before patient contact. The applicant must submit a valid Basic Life Support (American Heart Association) CPR card to the Department of Nursing.
7. Transfer requests from other colleges will be considered upon an individual basis and upon availability of space. Transfer requests should be directed to the Director of Nursing.
8. Applicants may be interviewed by the Nursing faculty as part of the admission process.
9. Admission into the Nursing Program will be based on a point system.
 - The point system will be based upon the Preadmission Examination test score; GPA; BIOL 2010 Anatomy and Physiology I, ENGL 1010 English Composition I, and MATH 1530 Introductory Statistics courses taken with a grade of "B" or above; and current certification/licensure in a healthcare field.
 - In the event an applicant has taken these courses more than once, the most recent grade will be calculated in the point system.
 - Science courses must have been completed within five years prior to the admission date and prior to the qualifying application deadline date to be included in the admission points (fall semester if applying for the next fall admission/Dyersburg Campus).
 - The five-year science requirement may be waived if the applicant successfully completed the science course(s) and has a current certification/licensure in the healthcare field.

10. Required Learning Support courses, if needed, must be completed prior to the qualifying application deadline date (fall semester if applying for the next fall admission/Dyersburg Campus, and summer semester if applying for the next spring admission/DSCC Jimmy Naifeh Center at Tipton County).
11. Students who have made a “D” or “F” or have withdrawn from two nursing courses at DSCC (*unless an Academic Fresh Start has been granted; refer to Academic Fresh Start in the [Academic Affairs and Regulations](#) section of this catalog*) or any other college or university will not be considered for admission, readmission or transfer to the DSCC Nursing Program.
 - If a “D,” “F,” or a withdrawal is made from two or more nursing courses in the same semester at DSCC or any other college or university, the attempt may be counted as one unsuccessful attempt.
 - Students who have made a “D,” “F,” or have withdrawn from two nursing courses prior to completion of a Paramedic or LPN license may be considered on an individual basis for admission into the evening track.
 - NURX proficiency exams given by Excelsior will not be considered an unsuccessful attempt if the student scored a “D” or “F.” Credit for courses will be given on a case-by-case basis as reviewed by the Nursing Admissions and Retention Committee.
12. Students admitted to the DSCC Nursing Program will be required to comply with the Nursing Program retention and progression policies. Details of these policies are published in the Department of Nursing Program Student Handbook.
13. Each semester, students will be required to pass a Math Dosage Validation Examination.
14. Students who apply but are not accepted for the Program must reapply if they wish to be considered for the following class. Applications will not be considered from previous semesters.
15. New high school graduates will be assessed for admission using points from the Preadmission Examination test score; high school GPA; and the math, science, and reading section of the ACT test. Applicants admitted as a high school student must have a minimum high school GPA of 2.5 on a 4.0 scale.
16. New high school graduates who have completed general education courses listed in the nursing degree plan will be considered as a student with college hours when calculating points for admission into the Nursing Program.

Associate of Applied Science Degree
Nursing
Major and Concentration

The Nursing Program graduate possesses the competencies necessary to assume the role of a beginning practitioner in a structured healthcare setting such as a hospital or extended care facility. The graduate is eligible to apply to take the National Council Licensure Examination (NCLEX-RN) for licensure as a Registered Nurse.

To facilitate success in this program, all students should enroll in ORN 1010: Orientation, Learning to Succeed during their first semester at DSCC.

Course	Number	Course Name	Semester Hours
